

## July 28, 2025 (Mon) Byakko Phone Message – Masami-sensei

- Greetings to all members. It has been a while.
- While traveling through various places in this hot Japan, and also to the United States, purifying each region, every time I receive the light of your prayers and the lights of the Divine Spark IN, I recall the days when we gathered in great numbers at Fuji Sanctuary and continued to pray for humanity, regardless of the weather conditions—even during the hottest summers—when you came and prayed with us. With those memories, I have been visiting various places.
- Thanks to all of you, I am well.
- Because of your existence, your prayers, and your Divine Spark INs, Japan has truly become a nation respected throughout the world.
- When I visited the United States, I received words of praise: “Japan is truly wonderful!” This is thanks not only to the Japanese members but also to the prayers and perform the Divine Spark IN of members all around the world.
- Even if you cannot come to Fuji Sanctuary easily, there are those who pray and form the Divine Spark IN at home alone, and those who, in their own countries and regions, pray for the great harmony of Japan and the World. Your heartfelt prayers and the purifying lights reach my physical body and heart.
- Thanks to the members, I have regained my health and, with gratitude, I am traveling around the world.
- Each one of you has been chosen by the Universal God and Goi-sensei as truly precious “people who bring peace to the world.” Therefore, please live proudly.
- From now on, only good things will happen to you. Even if you are currently ill, there will surely come a time when your suffering will end and you will be healed.
- And, for those like me who are 84, 85, or even 90 years old, in the end, without suffering, Goi-sensei will come to welcome you and take you to the Divine World.
- I have been able to come this far only because of the members. No matter how hard I might strive alone, I could accomplish nothing by myself.
- The existence of the members... whether elderly or ill, the resonance of your continued prayers and lights of the Divine Spark IN from wherever you are reaches me.
- Each time, I am moved to tears with gratitude and am convinced, “This is truly proof that Japan and the world will become peaceful.”
- There are over a hundred nations in the world. Among them, the most peaceful country is Japan.
- Why is Japan in such harmony? Because so many members have, from the depths of their hearts, prayed for the Divine Spark of humanity and for world peace, and have continuously formed the Divine Spark IN for many years. That dedication has reached the heavens.
- Everyone, thank you so much for your long-standing efforts. And I humbly ask for your continued support.
- This heat... Japan, and indeed the whole world, is in the midst of an extreme heat wave.

- These abnormal weather patterns can be seen as phenomena caused by humanity forgetting its divinity and continuing selfish actions, which gradually weaken the Earth.
- However, through the prayers of you members, even these situations will surely be saved. Therefore, with confidence that the Earth will become a wonderful world, please continue to pray proudly.
- In the divine world, Goi-sensei is very pleased. He always gives light to each member. That light is surely reaching you, so please receive it.
- When you form the Divine Spark IN and pray, the divine power connected with Goi-sensei is always manifested there.
- That power will spread further and further—to your own body, to your beloved children, to the mothers in your communities, to you as couples, and to all those connected with you.
- This is because Goi-sensei is guiding everything to move in a better and better direction.
- Why does Goi-sensei do this? Because you, ahead of all humanity, through your own bodies, consciousness, and spirits, pray for the peace of all regions and all nations where humanity lives and send light to them.
- Therefore, everyone, with confidence and pride in this, let us continue to pray together.
- I am still healthy. I plan to visit Fuji Sanctuary again.
- Everyone, from now on as well, in each of your places and in each of your homes, let us continue to pray and perform the Divine Spark IN.
- I am deeply grateful to you all from my heart and I continue to pray for your peace. Thank you very much. Please continue to be with us. May peace be with you.
