

In accordance with the theme announced this spring, “Divine Self-Awareness – Living with the Consciousness of the Divine,” we have continued to refine and nurture ourselves in unity and cooperation with the guardian spirits and guardian gods. As a result, without even realizing it, we have stepped into the stage where we manifest within ourselves the very words, thoughts, and actions of the Divine.

Consequently, we no longer perceive any evil—anything to be corrected—in the conditions of the earthly world. More precisely, even when we see disharmonious circumstances revealed in human behavior or in society, or various purifying phenomena occurring within the natural environment, we behold them as *processes through which all is sublimated into the sphere of the Divine vibration*. Thus, we no longer feel caught, bound, or disturbed by the actions of people or by outer events.

At present, though our physical bodies still dwell in the surface world where disharmony appears, whatever we see or hear, we discern only the Divine inherent in all nature, all living beings, and all humanity, and we have come to live with a single-minded heart of gratitude. In other words, we have come to see that the “now” indicated by the ticking hands of the clock is nothing more than *the past that appears and then fades away*.

As a result, although in worldly terms we may still say, “Now an earthquake is happening,” “Now a typhoon is approaching,” “Now the economy is worsening,” “Now I am ill,” or “Now I am being mistreated by someone,” in the world of the heart we behold these as *appearances arising at the moment when mistaken thoughts accumulated from the past lives of humankind up to the present manifest as destiny and fade away*. Thus, we no longer grasp these phenomena nor allow them to generate dualistic, opposing thoughts within us.

For us, the *true Now* is nothing other than *the consciousness of each moment*. Therefore, step by step, we continue to walk unflinching the spiral of consciousness evolution: “*Today we are more than yesterday, tomorrow we shall be more than today.*”

Having thus leapt from the standpoint of duality into the Divine perspective, we are now beyond the reach of anything that might violate us. For we have embodied the truth that *what violated us was none other than our own habitual thoughts that surrendered the authority of life to memory*, and that once harmony is realized within, nothing can violate us any longer.

In such a state of sublimated consciousness, we are untouched by the thoughts of those who would try to hinder us, and unmoved by the schemes of those who would seek to subdue us. We know that such waves of thought return only to those who emit them.

No matter what others may think, speak, or do, we continue only to radiate the Great Light of the Prayer for World Peace. Within our own sphere of vibration, we behold every movement upon the Earth, embracing and cherishing all.

On Saturday evening, as the culmination of these six months, we will, through the program “*The Day to Cultivate the Divine Eye*,” radiate the Great Light that integrates the consciousness-evolved hearts of each participant.

【Opening Remarks】

TOGUCHI : Hello everyone. We will now begin the Saturday program, “A Day to Cultivate the Divine Eyes.”

In our previous session, we reflected on how we respond to various events and situations when we stand upon the divine perspective.

Now that we have passed the first half of 2025, I believe many of you feel, “We have truly changed,” or “I have come to express the divine words, thoughts, and actions naturally,” or at least, “I am in the process of becoming so.”

At this present moment, with the support of the Guardian Spirits, Guardian Deities, the Divine Beings of the Great Light of Salvation, and the Cosmic Angels, we have transformed from a self-consciousness that once identified with the rain clouds of the mind and wavered between joy and sorrow, into beings who, uniting with the sunlight shining in the sky of the heart, radiate the light of life proactively.

Therefore, today, from this divine perspective, we will make a declaration worthy of such radiance, uniting both body and mind with the very Source of Life, and send forth the light of life to the world of the Earth. We sincerely ask for your participation.

Now that the time has come, let us begin with the Prayer for the World Peace in Japanese and English.

1. Prayer for World Peace

TOGUCHI : Let's get started.

Sekai Jin-rui ga Heiwa de ari-masu you-ni.

Nippon ga Heiwa de ari masu you-ni.

Watakushi-tachi no Ten-mei ga mattou sare masu you-ni.

Shugo-Rei-sama, arigatou gozai-masu. Shugo-Jin-sama, arigatou gozai-masu.

May peace prevail on Earth.

May peace be in our homes and countries.

May our missions be accomplished.

We thank you, Guardian Deities and Guardian Spirits.

TOGUCHI : Thank you very much.

2. Time to Reaffirm Our Consciousness

GYOUTEN : Thank you. Now, we will proceed to the main program.

First of all,

“All in the universe is governed by divinity, and apart from this, there is no truth. Any consciousness that deviates from divinity, and any state of disharmony, are but fleeting like clouds that pass by and disappear.”

We will now take time to reaffirm and reconfirm, through declaration, what state our “present consciousness”—which has come to clearly realize this—is in. TOGUCHI-san, please.

TOGUCHI : Hai, thank you. From here, I will read aloud the words displayed on the slides, so when I say “Hai,” please read them together with me.

Looking back, the words we spoke were already the very words of God.
The thoughts we emitted were already the very thoughts of God.
The actions we expressed were already the very actions of God.

Therefore, behind all things we perceive the Great Law of Harmony that has endured since the dawn of Heaven and Earth.
Behind all humanity we sense the guidance of guardian spirits and guardian gods, watching over the destiny of humankind.
In all of great nature we behold truth, goodness, and beauty, and behind them we see the workings of the gods who govern the order of the universe.

What we desire is that humanity may undergo Divine Resurrection, that peace may spread throughout the world, and that we may take our place within the cosmic society.
Then, great harmony will extend to all of nature and every living being, and this entire planet will be renewed.
For this reason, up to this day we have been sublimating the habitual thoughts of our physical nature into the habitual thoughts of the Divine.

At this very moment, what I speak, think and do are only for humanity. Only for the happiness of humanity. Only for the peace of humanity. Only for the awakening of humanity.
Therefore, the words, thoughts and actions I myself have are beyond any selfishness, ego or conflict.
They are in themselves, the universe, light, truth, and the existence of God.

TOGUCHI : Thank you very much. As we have just read aloud, we who have placed our abiding seat in the divine world and who now stand upon the divine perspective, have come to the point where, in the people reflected through our five senses, in great nature, and in all living beings, we discover truth, goodness, and beauty. Moreover, we daily perceive, deep within the essence

of all existence, the “Universal Law of Great Harmony” and the workings of the Gods who govern the movements of Heaven and Earth.

At this time, in gratitude for the protection and guidance of the Guardian Spirits and Guardian Deities who have led us to this present seat of consciousness and perspective, we will take time for a meditation to further deepen that sense of oneness.

3. Meditation of Gratitude to the Guardian Spirits and Guardian Deities

GYOUTEN : We will now begin the Meditation of Gratitude to the Guardian Spirits and Guardian Deities.

During this quiet time of offering gratitude to the Guardian Spirits and Guardian Deities, if thoughts other than gratitude should arise, please recognize them as “fragments of memory,” “habitual patterns of thought,” or “captivated thoughts” that the Guardian Spirits are bringing to the surface in order to let them be released at this opportunity. Please try releasing them with the consciousness of being one with the Guardian Spirits, using the method I will now share.

The method is simply this: while closing your eyes and breathing slowly, think as follows: “Ah, I see that my habitual tendencies of thought are surfacing in the form of ‘thinking this way or that way.’ This is a state that the Guardian Spirits are revealing so that it may be released as a fading phenomenon. How grateful I am. Guardian Spirits, Guardian Deities, I thank you always.”

With such words of thought, in the rhythm of gentle breathing, the waves of emotion that had merged with stray thoughts will settle into calmness. For this way of thinking arises from “the divine perspective of overview, standing beside the Guardian Spirits.”

Through such self-observation, we have continually reflected upon ourselves and refined and elevated our being. For having raised us in this way, we now offer heartfelt gratitude. Let us begin.

(* The prayer words below are to be recited by the leader alone, without the participants saying “yes.” All participants are invited to pray freely. When the prayer words are finished, remain in meditation.)

May Peace Prevail on Earth.

(Sekai Jin-rui ga Heiwa de ari-masu you-ni.)

We thank you, Guardian Deities and Guardian Spirits.

(Shugo-Rei-sama, arigatou gozai-masu. Shugo-Jin-sama, arigatou gozai-masu.)

《Three minutes of meditation》

GYOUTEN : Thank you very much.

4. Gratitude to Nature

GYOUTEN : Thank you very much. Next, with the heart that has deepened its oneness with the Guardian Deities and Guardian Spirits through the prayer just now, we will offer a Prayer of Gratitude to the World of the Earth.

TOGUCHI : Let us begin.

《In accordance with the video of the Day of Gratitude to Nature and Life,

Animals, Minerals, Heavenly Phenomena, Air, The Sun

5. Prayer for Divine Spark of Humanity

TOGUCHI : Finally, with heartfelt sincerity, we will form the Divine Spark IN seven times. After forming the IN, we will take one minute to visualize the light of the IN spreading to all humanity. Therefore, once you have finished forming the IN, please keep your eyes closed and continue praying. Let us begin.

May Peace Prevail on Earth.

The Divinity of Humanity has reawakened. Dai-jouju.
