

Dear members, greetings to you all. This is Masami SAIONJI.

All of you are growing older, experiencing illness, and going through various circumstances in this world.

And yet, each one of you is saving people throughout the world through the Prayer for World Peace.

Even if you cannot move, cannot walk, or must rely on the care of others, this is still true.

You are doing something sacred—something that no one else can do.

The one who truly understands the significance of your sacred work is GOI-sensei in the heavenly realms.

Whether you are aware of it or not, each one of you is directly connected to GOI-sensei, receiving his Light every single day, receiving the purifying Light, and spending your days in that radiance.

You simply cannot feel it—that is all. But from where I stand, the connection between GOI-sensei and all of you is completely clear.

GOI-sensei purifies all members who pray the Prayer for World Peace, extending your life span as much as possible, and using you for the salvation of all humankind.

I see this clearly. I feel it. And I know it.

As I receive and carry on GOI-sensei's teachings and observe your lives, I see that your prayers—offered over many years, whether while lying down, in a hospital bed, unable to move, or while being cared for by others—never disappear.

They continue to resound like a recording, even now, spreading throughout the entire world.

Therefore, the prayers you have offered, and the Divine Spark IN you are forming now, become Light for people around the world and continue eternally.

I see this clearly, and I know it. Thank you from the depths of my heart for offering such precious lives.

GOI-sensei watches all of you from the heavens and, through me, expresses his gratitude to you. GOI-sensei is overjoyed by your sacred work.

Japan has become a nation praised by the world as a peaceful country because of the people who pray in this way.

At this moment, Japan is the happiest and most peaceful country, and GOI-sensei is deeply pleased by the national spirit of praying for peace and praying for other countries.

Dear members, thank you truly. GOI-sensei expresses his gratitude to all of you through me.

Even if you are bedridden, even if you are over ninety years old, even if you are young and hospitalized with illness, your lives are all precious—irreplaceably precious.

Even if you do not form the Divine Spark IN, simply praying for peace and saying, "GOI-sensei, thank you," sends Light from all of Japan to the entire world.

Some of you may think, "I am bedridden and cannot do anything."

But that is absolutely not the case.

From my perspective, your prayers reach me as Light.

What I wish to tell you—what I want you to know—is that no matter what situation you are in now, in the heavenly realms GOI-sensei is truly offering gratitude with hands in gassho for all of you.

And when the time comes, he will surely come to welcome you.

So whenever you depart for the other world, there is absolutely nothing to worry about.

But each of you has a Divine Mission.

You will return to heaven only after fulfilling that Divine Mission.

When that time comes, you will leap into GOI-sensei's embrace, and then from heaven you will pour love, gratitude, and great joy upon the people of the world, helping them to become happy.

I see this clearly, and I know it.

Dear members, thank you, truly and deeply.

You must be tired. You must be suffering. You must be in pain.

But please, keep going a little longer.

You will naturally transition, and GOI-sensei will come to welcome you.

I too will one day take the same path as you and go to GOI-sensei.

When that time comes, let us go to him together.

How deeply GOI-sensei appreciates your very existence—

His joy and gratitude reach me so strongly that they almost hurt.

Your precious lives are needed in this world—every single day, even every single minute.

Just by being here in this world, you are helping to save more and more of humanity.

It may be difficult, but please continue a little longer.

Thank you so very much.

I express my heartfelt gratitude to all of you.

From the bottom of my heart, I am proud of every one of you.

Thank you truly.

The end.
