

## **Byakko Telephone Message from Masami-sensei – Monday, April 27, 2026**

To all members, good day. Many things happen, don't they. Many things have happened to me as well.

But Goi-sensei is always watching over us from the divine realm. Goi-sensei holds each member very dear and is always, always watching over each and every one of you.

We are all wrapped in Goi-sensei's love, and we are being sustained within the sacred body of the great divine god of Goi.

So please never think of yourself as a being living only within this physical body here on Earth.

All of you members are praying, within Goi-sensei's light, within Goi-sensei's sacred body, the prayer of these very words: "May Peace Prevail on Earth."

Goi-sensei is very pleased to see that the Prayer for World Peace arises in your hearts so very often. And Goi-sensei always gives love, healing power, and strength to all of you.

So those of you who are living alone, those who are hospitalized, those who are living in loneliness and suffering — there is absolutely no need to worry.

You may not be able to see Goi-sensei, but Goi-sensei is surely nearby, watching over us. And Goi-sensei is also purifying us. Please believe this.

If you hold the firm conviction in your heart that "Goi-sensei is coming, healing me, purifying me," your heart will naturally find peace, and even a life lived alone will no longer feel lonely.

You are all living together with Goi-sensei. You are not alone. You are not striving to live by yourself in a hospital.

Goi-sensei has become light and, appearing just as he did in those days, he is embracing you, right by your side, supporting you — so please have no worries! This is a reality I have experienced myself, and a truth I always see spiritually.

Goi-sensei gives love to all things, in all ways. He always gives love, strength, and healing equally to every person, without exception.

Please, everyone, even if you feel alone, isolated, and lonely, Goi-sensei is surely always with you. Please live with peace of mind.

We too continue to pray for all of you. Members are representatives of the world, and therefore each one of you is an important presence for this Earth.

Among all the billions of people on Earth, how many are praying the words "May Peace Prevail on Earth"?

The places where the flags of every nation in the world have been continuously displayed are, of course, the United Nations — and beyond that, only Japan's Fuji Sanctuary.

It is thanks to the invisible, behind-the-scenes strength of each and every one of you members that I have been able to work for all of humanity, for peace. Therefore, each and every one of you is contributing in some way.

You are all doing this with equal hearts of love, so that all of humanity may be happy.

When I heard this from Goi-sensei, I was filled with nothing but gratitude for the members. I am

truly so grateful, I can only bow my head in deep reverence.

Many people are serving all of humanity in ways that are not visible to the eye.

You are accumulating hidden virtue.

That is my pride.

Please, everyone, continue to pray for peace with peace of mind.

Even those who are suffering in hospitals — Goi-sensei is surely watching over you. I too will be watching from the world of the soul from now on, so please be at ease.

Those of you who are praying the Prayer for World Peace are truly precious, precious beings to all of humanity.

You have every right to be alive, so please do your best.

Farewell.

That is all.
